Forecast For London & Southeast England
Issued by Met Office Exeter
at 1600 on Monday 12 Jul 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Heavy thundery showers gradually fading overnight.

This Evening and Tonight:
Heavy showers continuing into the evening, before becoming lighter and more scattered during the early hours. Possibly some clear spells developing later in the night. Most parts dry by dawn. Minimum temperature 15 deg C (59 deg F).

Tuesday:
Any remaining overnight showers soon easing, then a largely cloudy day with just a few sunny spells. Some isolated sharp showers may develop through the afternoon. Maximum temperature 22 deg C (72 deg F).

Outlook for Wednesday to Friday:
Largely dry and warm through this period, with sunny spells. However showers possible in the far east on Wednesday. Mist and low cloud may affect coastal areas Thursday morning.
